County of Ventura Board of Supervisors

SUBJECT: Public Hearing Regarding Adoption of Resolutions Establishing and Amending Service Rates and Fees for Various Services of the County for Fiscal Year 2025-26

RECOMMENDATION:

Approve and adopt resolutions (Exhibits 1, 5, and 7) establishing and amending service rates and fees for various services of the County (Exhibits 2, 3, 5, and 8) for Fiscal Year (FY) 2025-26 with such rates and fees to be effective on the dates listed within this letter and/or the respective resolutions and schedules.

FISCAL/MANDATES IMPACT:

Although state law does not mandate that a county establish and impose service rates and fees, state law does set limits on certain types of fees if a county does decide to charge service rates and fees to help pay for such services. The amount of revenue collected from many service rates and fees is dependent on the volume of services demanded by the public.

DISCUSSION:

On May 20, 2025, your Board approved FY 2025-26 service rates and fees for the various services of the County based on the Board's policy of full cost recovery. Since that time, circumstances have changed that now require establishing and amending service rates and fees for the County Executive Office, Health Care Agency's Behavioral Health Department (VCBH), County Clerk and Recorder, Resource Management Agency's Environmental Health Division (RMA-EHD), and Information Technology Services Department (ITSD), effective on the dates listed within this letter and/or the respective resolutions and schedules. The May 20, 2025, Board letter organized the various fees up for approval as 19 distinct "Attachments," and within each "Attachment" included schedules of fees and individual resolutions for approval. For clarity, today's requested action would amend by resolution two fee schedules within Attachment 1 (Exhibits 2-3)

related to “County, Fire Protection District and Watershed Protection District Rates and Fees for Various Services”, Attachment 11 (Exhibit 5) related to “RMA EHD Fee for Backflow Prevention Device Tester Certification”, and Attachment 18 (Exhibit 8) related to “Information Technology Services Rates and Fees.”

COUNTY EXECUTIVE OFFICE

The County Executive Office is requesting the approval of a service rate for the Program Administrator I job classification that was vacant at the time rates were approved by your Board in May 2025.

The amended rates are as shown below and in Exhibit 2. Exhibit 2 amends the fee schedule from the May 20, 2025, Board letter identified therein as Attachment 1, Schedule A entitled “Schedule of FY 2025-26 Service Rates & Fees for Various County Agencies, Departments, and Special Districts.” Note that Exhibit 2 herein is only a partial fee schedule intended simply to show the portions being proposed for amendment.

For grant billing purposes, the rate is requested to be effective retroactively to September 1, 2025.

HEALTH CARE AGENCY

Behavioral Health Department

VCBH seeks to amend numerous mental health services and substance use services rates, as listed in Exhibit 2.

VCBH, in its third year of the CalAIM Behavioral Health Payment Reform initiative, has determined that to fully utilize and benefit from the current electronic health record system that VCBH and several other California counties are utilizing, VCBH’s published rates for mental health services and substance use services should be amended to have the California Department of Health Care Services (DHCS) reimbursement rates specific for VCBH. This will allow VCBH to compare its rates with other counties and afford them the ability to analyze whether VCBH is being reimbursed appropriately for the same services provided by the other counties. As this determination was made shortly after your Board’s

approval of VCBH's rates and fees for FY 2025-26, it is necessary for the proposed rate changes to be effective retroactively to July 1, 2025.

COUNTY CLERK & RECORDER

The County Clerk and Recorder's Office seeks to amend its fee schedule to remove fees charged for the delivery of official records. The delivery of these records has transitioned from the mailing of compact disc (CD) or digital video disc (DVD) to the use of a secure File Transfer Protocol (FTP) system, eliminating the need to produce and distribute physical media.

as Attachment 1, Schedule D entitled “County Clerk and Recorder & Elections Statutory and Non-Statutory Fees.”

RESOURCE MANAGEMENT AGENCY

Environmental Health Division

On June 24, 2025, your Board adopted Ordinance No. 4647, repealing Ordinance No. 4487 consisting of Sections 4693 through 4698 of Division 4, Chapter 6, Article 4 of the Ventura County Ordinance Code due to changes in State Regulation pertaining to the administration of the Ventura County Cross-Connection Program. Ordinance No. 4647 removes the County from a certification role for cross-connection testers as a result of changes in State regulatory requirements and guidance. The certification is still required under State law; however, the responsibility for ensuring that testers are appropriately certified now remains with individual water purveyors. As a result, RMA-EHD has dissolved its program to certify backflow prevention device testers in the County and seeks to rescind the associated fee. Exhibit 5 amends the fee schedule from the May 20, 2025, Board letter identified therein as Attachment 11 entitled “Resolution – Establishing RMA EHD Fee for Backflow Prevention Device Tester Certification.”

INFORMATION TECHNOLOGY SERVICES DEPARTMENT

The ITSD rate schedule is amended as shown below and in Exhibit 9 , effective November 18, 2025. Exhibit 8 amends the fee schedule from the May 20, 2025, Board letter identified therein as Attachment 18, Schedule A entitled “Telecommunication Equipment and Services Rate and Fee Schedule.”
